DDX™ users speak out

Does *your* company want to………

Use less paper- get lean?
"DDX rocks – period. It's a real time-saver."

Use less paper- go green?
"With DDX, we have eliminated an entire room of file cabinets and made room for three new employees in purchasing"

Improve customer service?
"DDX has helped take us to the next level of Customer Service. Our customers really appreciate the results."

Access documents quickly and easily? Eliminate the need to physically house thousands of paper documents?
"We really like DDX for our document management. It saves us a great deal of time, and makes if very convenient to retrieve our documents."

Share documents between departments and multiple locations?
"There is a considerable amount of time saved across all our facilities in filing and looking up documents."

Add security to both document sharing and storage?
"Our auditors were impressed by how quickly, efficiently and securely we were able to provide information regarding invoices using DDX."

Eliminate the risk of damage or loss of vital documents?
"DDX has allowed us to automatically archive our documents without the user having to do anything but "print"."

Get paid quicker?
"We've improved cash flow and accelerated payments by 1 week (avg) with DDX by communicating with our customers so much faster."

Save money?
"We saved over $15000 in postage alone in the first year. It more than paid for itself in less than three months."
